Board Takes Action on Skyline Drive Drainage Problems

SUTTON - The Planning Board held two regular meetings during the month of July to consider four small residential and commercial development proposals. This situation is quite different than Planning Board meetings over the past few months at which a number of major residential proposals were approved.

Old Homestead Road

The July 10th meeting opened with a public hearing of a two lot residential subdivision plan off Leland Hill Road entitled "Old Homestead Road." The plans were presented to the Board by David Lavallee of Lavallee Brothers, Inc. Lavallee explained to the Board that a number of waivers from the roadway requirements were being requested because of the steepness of the parcel. The proposed road would serve only two lots with a partial grade of 16 percent and pavement width of 16 feet if waivers are granted.

Planning Board Chairman Craig Ferrell read comments from other town boards and requested that the site be reviewed by the Town Engineer for potential grade and drainage problems. Ferrell also informed the applicant that the Board would consider the comments of the other town boards and the Town engineers after his visit to the site.

Tony's Pizza Expansion

At the July 10th meeting the Planning Board opened a public hearing on the expansion plans for Tony's Pizza, located at the corner of Boston Road and Route 146 South. The site plans were presented by David Lavallee who represented the owners, Antonios and Irene Drakakis. The plans call for an expansion of the pizza shop and kitchen area of about 2300 square feet. The site plan also includes 92 parking spaces, a perimeter buffer and some interior landscaping as is required under the new Parking, Loading and Landscaping By-Law passed last spring at the Town

Fer ents from other town boards, and Dick Wharton arranged to make a site visit. The hearing was closed and the proposal was scheduled for the July 24th Planning Board meeting.

On July 24th the Board again reviewed the site plan and discussed some revisions including fencing, handicapped access and parking, the replacement of tall lights with post lights, and a 30 foot grassed strip along the front of the building. The Board also questioned the front setback which is required to be 70 feet along Route 146 while the plan only showed 48 feet. Lavallee pointed out that the existing building was closer than the proposed expansion and the setback had already been established by the existing building.

The motion was made by Board member Kris Oliver to accept the plans with the provision that the Building Inspector review the setback from Route 146 and that the contractors strictly comply with applicable earth removal and conservation regulations. The motion was seconded by David Suhl and the Board voted unanimously to approve the site plan.

Democrats to Honor Leo P. Bachant

MILLBURY - The Millbury Democratic Town Committee will be hosting its first annual Leo P. Bachant Democrat of the Year Award Dinner on Sunday, October 1, at 6:00 p.m. at the V.F.W. Charles F. Minney Post in Millbury. Bachant will be the first recipient of this award named in his honor.

"We deeply believe Leo has earned the respect and appreciation of the people of Millbury and is most deserving of this award," said Mary A. Dube, chairwoman of the Millbury Democratic Town Committee. "As a conscientious public official, Bachant has served the people of Millbury for many years. He has been a member of the Democratic Town Committee for 45 years, served as its Chairperson for 22 years, and is presently its vice chairperson."

Tickets are available by contacting Terry Hamilton (865-4723) or Mary A. Dube (865-9333). Tickets are $12.50.

Open House Reception

MILLBURY - A reception will be held for the Reverend and Mrs. Richard Mattozzi and their family at the Millbury Federated Church on Sunday, August 20, from 4-6 p.m. The Mattozzi family is leaving to take up residency in Virginia. The public is invited to attend and wish them well.

Colonial Ball to Commemorate Visit of George Washington

UXBRIDGE - The Uxbridge Minutemen will hold a Colonial Ball to commemorate the November 5, 1789 visit of George Washington to Uxbridge. The ball will be held on November 4 at 6:00 p.m. at the Uxbridge Veterans of Foreign Wars Hall on Route 16. It is hoped that guests will attend in the dress of the period.

The menu will consist of: chicken soup, salad, turkey, mashed potatoes, squash, dressing, cranberry sauce, pickles, olives, rolls and butter, coffee and a cherry dessert.

Reservations must be made by September 30. Ticket prices are $16.50 per person. Mail reservations with check to: Dorothy Hetherington, Box 122A, West Street, Uxbridge, MA 01569.

Sen. Houston Receives Education Award

BOSTON - The University of Massachusetts recently honored Senator John P. Houston (D-Worcester), naming him, along with other legislators, a "Friend of Cooperative Extension."

With support from the U.S. Department of Agriculture and local county offices, the Cooperative Extension System offers programs in 4-H and youth development, home economics, and agriculture to land grant colleges across the country. Houston was recognized for his support of these programs at the 75th anniversary celebration of the national cooperative extension network at the Massachusetts State House.

Schedule Adjustments and Work Study

MILLBURY - Millbury High students who need schedule adjustments due to program changes or failures last year, should report to the Guidance Office on August 29, 30, or 31. The office will be open between 7 a.m. and 3 p.m. for this purpose.

Juniors and Seniors who wish to commence participation in the Work Study Program with the opening of school in September must complete the application process prior to September 6. This includes faculty recommendations as well as the parent and employer consent forms. The guidance office will be open during the week of August 28 through September 1 and students may submit all forms at this time. Applications submitted after this time will not be processed and approved before September 22.

Calendar

SUNDAY, AUGUST 20

MILLBURY - A reception will be held for the Reverend and Mrs. Richard Mattozzi and their family at the Millbury Federated Church from 4-6 p.m.

THURSDAY, AUGUST 24

SUTTON - The General Rufus Putnam Chapter of the DAR will meet on at 1:00 p.m. at the Sutton Town Hall.

MILLBURY - District Nursing Blood Pressure Clinic at Colonial Apartments, Colonial Drive from 1-2 p.m.

FRIDAY, AUGUST 25

MILLBURY - The Millbury Youth Center, located in the former Center School on Elm Street, will hold a dance for local youths from 6-11 p.m. The band Flaming Youth will be providing music in memory of former band member Donald Ballard of Millbury.

Millbury to Hold Special Town Meeting on September 12

By Edward J. Cooney

MILLBURY - Chairman Jude Cristo opened the August 8 Selectmen's Meeting shortly after 7:00 p.m. with a quorum present.

Parking Problems

Cristo recognized Fire Chief Tom Nault who was not on the agenda but told Cristo there was a pressing issue he wished to bring before the board. Nault said that Fire Captain David Rudge informed him that there were growing parking problems and littering associated with the boat ramp on West Main Street at Singletary Lake. He said the problems are creating a hazard for fire equipment and public safety around Station #2 located at West Main Street and Harris Avenue.

According to Nault, the parking problem is at its peak on weekends. He suggested that "No Parking" signs be erected in the area of Station #2 and Harris Avenue. He also noted that the police department would be able to tag vehicles only if signs were erected.

On a motion by Selectman Donald Gauthier, the board voted to erect "No Parking" signs as suggested by Nault. The motion passed on a 3-0-1 vote, with Selectmen John Donnelly abstaining.

Settlement

In another matter, Chase noted that each board member was in possession of a copy of a court ordered settlement for Attorney Cosgrove of Talcott, Cosgrove and Sawyer, for fees for work done several years ago. Chase said that the settlement requires a $20,000 payment to Cosgrove.

Notidis Agreement

At 7:45, Jane Pojani spoke to the board concerning the "Notidis Agreement." She noted that she was speaking as a private citizen and not as a member of the School Committee.

Pojani cited a specific item of the agreement covering distances from lot lines and street boundaries in the issuance of complaints related to the parking of a mobile home by a tenant of Notidis' at 2-4 Sutton Road. Pojani parents, Mr. and Mrs. Joseph Brady, are abutters of the Notidis property.

Cristo told Pojani that the board has not discussed the agreement in open session since there was pending litigation. He also noted that the board had not voted to endorse the agreement.

Pojani said that the mobile home was no longer parked at the 2-4 Sutton Road address, but had been a week and a half ago. She also said that the mobile home had been parked in such a way as to block the view from 129 West Main Street, her parent's home, as well as the view to Brierly Pond. "I question the agreement and whether it is in the best interest of the town," she said.

Pojani also said that Notidis was doing renovation work inside the house. She questioned whether a permit for the work was required and obtained. Earl Chase said that no building permit was required as no structural changes were being made.

Pojani then remarked that there were boxes of plaster outside the house which made it appear there was some kind of major renovation work being done.

Chase responded that the building inspector said there were no structural changes being made. Pojani asked Chase if the building inspector had inspected the premises or just made a phone call. Chase replied that he didn't know.

Pojani also said that it is claimed that the 3rd floor tenant was evicted, but she said there is an air conditioner on the 3rd floor.

Pojani then said there is a parking problem at the Royal House of Pizza at 2 Sutton Road, which is run by Notidis. Cristo asked if the installation of a fence to block the renovations might make a difference. She said it would not. "It is devaluating the property in the area. It (the agreement) would negate the by-laws. He has violated by-laws," Pojani said. "I was told I would not get anywhere with this. He should have been fined every day since July 4th."

According to Pojani, the building inspector said he would not take the matter to court because he doesn't get paid for doing so. She also said he was afraid to get sued personally.

Cristo closed the discussion by telling Pojani that if her father is interested, he can come before the board.

SELECTMEN from Page 3

Town Finances

At 7:30, the board met with the Town's financial heads for an update on the financial situation of the town.

In the only light moment of the evening, Cristo opened the discussion by asking, "Could somebody in the rear put the lights on? No, wait a minute," he said, "maybe we can save on electricity."

Walter Hagstrom, Chairman of the Board of Assessors, reported that the "Cherry Sheet" indicates receipts of $4,899,721.00, compared to last year's Cherry Sheet figure of $5,296,134, making the Town short $396,413. "That's not the total problem," he said. "We are short $114,000 additional as a result of town meeting appropriations, which will give us a shortfall of $510,492.84. That's how much we would have to override. We have exceeded the levy limit."

Town Auditor Roger Picard then explained that an article at the last town meeting changed the distribution of receipts from Wheelabrator. Prior to the change, 100% of receipts from Wheelabrator went to the stabilization fund; now, only 25% goes into the fund. "$200,000 in estimated receipts from Wheelabrator is not included in figures given to the assessors today," Picard said.

Cristo suggested a "short sleeve" session on a more informal basis. "We are looking at cuts or a 2 1/2 override. We may have to entertain that," he said.

Picard told the board that there was $705,000 in the stabilization account as of June. "Revenue Sharing is closed out with unexpended funds of $27,000 there," he said.

Picard also noted that there are other articles that were funded and have not been totally expended. He said they could be delayed if the intention was not to complete the projects for some time.

Cristo asked Picard to generate a list. "The Town has to get tax bills out and generate revenues," Picard replied. "We can't sit on this for another two weeks."

"We need additional information," Cristo said.

"I thought that is why we are here tonight," Picard answered.

Picard then noted that there was a total of $260,000 in an article for repairs to the Water Street Bridge. Donnelly remarked that there would be 100% reimbursement from the state. Earl Chase reported that the engineering work was completed and would be going out to bid.

"We are in a financial crisis now," Picard said, "If $260,000 is sitting there it should be used."

Picard also mentioned that $112,000 was included in an article for the heating and ventilating system at the Town Hall. Cristo remarked that the town has entered into a contract.

Selectman Roland Lachance then asked about the Dorothy Pond Restoration Project funds. Chase said that originally it was funded for $270,000 which would incur state reimbursements. He also noted that $40,000 has already been expended for engineering.

Lachance then asked what contributions the school committee could make. School Committee Chairman Chet Hanratty replied that the school department bought all of its supplies in July and August, which leaves the account low. "The only other area is staff cuts," he said. "Contracts have been sent out. All teachers have a contract. One hundred and twenty-five contacts have been signed."

Lachance asked about funds for programs with other systems, suggesting that funds may not be needed if a child for which funds were designated did not show up in Millbury this year. "Why not hold off and see if the child does enter?"

Hanratty replied, "What if the child comes in tomorrow?" Hanratty said that the school department is willing to suffer with all other departments, adding, "We will not suffer alone." He noted that for every three teachers cut, a fourth would have to be cut to pay for the unemployment compensation.

"$150,000 was cut up front to balance the budget before the town meeting," Hanratty said.

Donnelly then asked, "What about next year?"

"We will be playing the same game unless the legislature does something," Cristo replied.

Finance Committee Chairman Tom Clawson suggested that, because of time constraints, the board should consider a date for a special town meeting as soon as possible. "Anything you do has to go to town meeting. We have to decide how to make up deficits; either by cuts or rescinding of articles."

Lachance made a motion to hold a special town meeting on Tuesday, September 12. The board unanimously approved the motion.

Town Clerk Dave Matson said the time frame for the town meeting was acceptable. He then suggested putting a freeze on overtime and hiring: "We should not be spending money we don't have to keep the ship afloat," he said.

Millbury Avenue Reconstruction Project

At 8:10, Kathy Gilmond and several other Millbury Avenue residents were present to petition the board for some action relating to truck traffic and the relocation of proposed sidewalks relating to the Millbury Avenue Reconstruction Project.

Gilmond remarked that Millbury Avenue should not be a truck route and asked the board to impose a limit on tonnage. She also requested that the sidewalk be relocated to the right hand side of the street since most of the children in the area live on that side.

"Engineering and construction is underway," Cristo said. "It is almost impossible to move the sidewalk across the street."

Chase said that he had talked to the engineer and the inspector. "The drainage is in the ground and catch basins were located a month ago," he said. "It is too late."

Cristo remarked that the residents of the street were notified of a public hearing in 1988, and said that was the time for everyone to talk. "I sympathize with you," he said. "It was in the newspapers. The room was much fuller at the hearing than it is tonight."

On The Shelf

By Rosemary Waltos

In July of 1988, the Millbury Public Library added audio cassette tapes to its sound recording collection. We started out with 190 cassettes. From July to December of 1988, cassettes in this small collection circulated over 2500 times. As a result, we have added many more of your favorites in rock, classical, jazz, new age, folk and acoustic, country, bluegrass, children's music, and more.

The library has the classical and eclectic sounds that you listen to on your favorite public radio station as well as the tunes that you rock to on your most listened to AM/FM stations.

What's "hot" and what's "now" is easy to tell. As you can guess, our collection of popular music is hot. Music by both new artists like Clive Gregson and Christine Collister and the old timers like Chuck Berry and Elvis are highly circulated items. Lately, Jody Watley's **LARGER THAN LIFE** and the **TRAVELING WILBURYS** have been big among Millbury teens. Nostalgic adults and teens both are enjoying **THE JIMI HENDRIX EXPERIENCE, DYLAN AND DEAD,** Jethro Tull's **CREST OF A KNAVE** and Cat Stevens' **BACK TO EARTH.**

If your tastes shift back or forth along the FM dial, the Millbury Public Library makes a special effort to include many musical styles in its collection.

New Age music seems to suffer from bad press, but the music, given even half a chance, is alluring and exciting. Musicians who take musical styles and blend them together to make interesting and intoxicating sounds include The Turtle Island String Quartet and Andreas Vollenweider. The library has the **TURTLE ISLAND STRING QUARTET** and Vollenweider's **DOWN TO THE MOON.** Paul Winter, known for featuring the spiritual sounds of nature in his recordings, is also represented with his **MISSA GAIS/EARTH MASS,** recorded in the Cathedral of St. John the Divine and the Grand Canyon.

If you're looking for something to set the mood but you're not tuned into new age, try **SONGS OF THE HUMPBACK WHALE** or the "psycho-acoustic" sounds of **ENVIRONMENTS 1: SLOW OCEAN** or **ENVIRONMENTS 8: WIND IN THE TREES.**

These days, musicians known for playing a particular type of music can be found bending the rules and crossing over traditional boundaries to create variations within their musical genre. Claude Bolling does this by taking his classical background and fusing it with his love for jazz. Listen to his style of blending the two in **BOLLING SUITE NO. 2** or **SUITE FOR FLUTE AND JAZZ PIANO.** Stephan Grappelli, noted jazz violinist, takes jazz rifes and bluegrass strains to create a sound that jazz or bluegrass fans can call their own in **TOGETHER AT LAST,** a collaboration with bluegrass great Vassar Clements.

Folk and acoustic music is broad, to cover a wide variety of musical heritages from the Cajun music of the Louisiana Bayou to the sounds of urban Black Africa to the music of the Celts and the songs of contemporary singer/songwriters. A sampling of the new additions to our collection in this area include:

LE MYSTERE DES VOIX BULGARES, a critically acclaimed album featuring the haunting and enchanting music of the Women's Bulgarian Choir.

WAYNE TOUPS & ZYDECAJUN, the hot sounds of zydeco, music that is a fusing of cajun, blues and good old rock 'n roll to make a high energy, rockin' sound.

SECRET ISLES, Patrick Ball's solo instrumental album that features the timeless music of the much-neglected Celtic harp.

GOOD THOUGH, the experience of riding the rails comes alive here from one of the best singer/songwriters on the folk scene today.

ONE FAIR EVENING - this features some of young singer/songwriter Nanci Griffin's finest material, which makes waves in both folk and country circuits. A concert presentation recently featured on TNN.

DIAMONDS AND RUST IN THE BULLRING - if you're a child of the 60's, folk music to you may mean Judy Collins, Joan Baez, and Bob Dylan. If it does, **DIAMONDS AND RUST** is just one of the many by your favorite 60's folks that you'll find.

Country fans are as big here as they are in the bowels of Texas. To satisfy country music listeners, new selections included in our collection are: **PURE 'N SIMPLE** by Larry Gatlin and the Gatlin Brothers, **SOUTHERN STAR** by Alabama, and **ANGEL BAND** by Emmylou Harris. If you like the pure sounds of country, listening to the critically acclaimed album **TRIO** by Dolly Parton, Linda Ronstadt, and Emmylou Harris is heaven.

Bluegrass fans, though smaller in number, are gaining. They're a group that are very clear on their musical dislikes and likes. Traditionalists will go for **BILL MONROE AND HIS FRIENDS** and the Johnson Mountain Boys' **REQUESTS.** "New Grass" fans shouldn't miss the **PETER ROWAN & THE NASHVILLE BLUEGRASS BAND** or **HOLD TO A DREAM** by the New Grass Revival, and **ON THE EDGE** by the area's rising bluegrass band, Northern Lights.

You either love jazz or you don't. If you do, you're usually open to its many variations from big band sounds of the Count Basie Orchestra to the mellow sounds of Billie Holiday and the contemporary style of Spyro Gyra, to the ethnic strains of Klezmer Conservatory Band or the Dixieland sounds of the Preservation Hall Jazz Band. Their recordings and many more (Nina Simone, Louie Armstrong, Mark Murphy, David Frishburg, Diane Schurr, Wynton Marsalis, and Joe Williams to name a few) are all at the Millbury Public Library.

Pop music, new age, folk and acoustic, country, bluegrass, jazz, blues, classical and all their variations can be found at the library. We also have a wide variety of children's music including Raffie and Rosenchontz as well as many of your child's favorite stories on cassette tape. Adults and teens can also listen to books on cassette from classics to the last hardcover releases.

With the help of review sources such as Rolling Stone and the New York Times, along with radio play lists and, most importantly, your suggestions and requests, this collection is an ever-growing one that takes its shape from the diverse listening pleasures of the public it serves.

COMING UP...

FOX & THE HOUND, Tuesday, August 22, 5:30 p.m. Library Hours: Tuesday through Thursday, 10-8; Friday, 10-6; Saturday, 10-1. Telephone: 865-1181.

Wedding Anniversary Day

WORCESTER - Couples celebrating their 25th, 35th, 45th or 50th and beyond wedding anniversary in 1989 are invited to share in the Diocesan "Wedding Anniversary Day" Celebration sponsored by the Office of Family Life Ministry. This year's celebration will be held on Sunday, October 22, at St. Charles Borromeo Church, 341 June Street. The concelebrated Mass will begin at 2:00 p.m. A brief reception will follow. If you would like to participate, contact the Office of Family Life Ministry at 791-7171 or your parish priest and give him your name, address and wedding date by September 25.

PLANNING from Page 1

Skyline Drive Drainage

The Board continued to evaluate the drainage problems on Skyline Drive at the July 10th meeting. Dick Wharton informed the Board that he was still waiting for an "As Built" plan for the detention basins and that the developers of Phase I and II, Noel and Texcorp, respectively, are working together to correct the situation.

Given the complexity of the problems, the Planning Board agreed to seek the advice of Town Council and the Town Administrator on legal matters, including the project's bond expiration date and required improvements.

At the July 24th Planning Board meeting, and after a special Board meeting with Town Attorney Stan Weinberg and Town Administrator Dexter Blois, the Board agreed to send a prepared letter to Phase I developer, Mr. Simeone, requiring specific improvements prior to releasing the bond. The conditions included repaving the shoulder at the corner of Dodge Hill Road, correcting drainage problems on the lots between Skyline Drive and Dodge Road, correcting and completing work on the detention basins, planting trees as required in the Subdivision Regulations, providing stone boundary markers, and submitting As Built plans.

The letter was written by Dick Wharton and reviewed by Town Council. In addition to spelling out the conditions for releasing the bond, the Board also motioned to direct the Selectmen and Town Administrator to have the Building Inspector immediately pull all occupancy permits from unsold units in Skyline Phase I. The Board voted unanimously to approve the conditions in the letter and the revocation of the occupancy permits.

Petite Drive

At the July 24th meeting, the Board opened a public hearing on a subdivision plan entitled "Petite Drive." The proposed development includes two lots off Douglas Road. David Lavallee, representing the applicant, William Fahey, presented the plan to the Board which included a number of waiver requests such as pavement width, drainage, curbing, markers, and the planting of shrubs.

A number of abutters questioned the lot's drainage and septic system capability. Wharton told the Board that the topography information provided on the plan was lacking and the contours were not sufficient to properly evaluate the drainage conditions. The Board scheduled a site visit of the property for August 5th and told the applicant that they would further review the plan at an upcoming meeting.

Old Stone School Estates

At the July 24th meeting, the Board opened a public hearing on the residential subdivision plan entitled "Old Stone School Estates." The plan calls for the establishment of three house lots and two short roads with cul-de-sacs off Stone School Road (formally Old Stone School Road). Waivers are also requested for pavement width and sidewalks.

A number of abutters questioned the impact of this development on the wetlands and natural drainage on site. Some who had been on site informed the Board of junk that had been placed on site by an old gas station, including tires and some automotive debris.

Wharton said he had reviewed the plan and found the drainage plan and silt fence to be adequate, and that the plan had already been filed with the Conservation Commission the week before because of the proximity to the wetlands. Wharton also said he would monitor silt containment closely throughout the construction process. The Board informed the applicant, Mr. Afonso, that they would continue their review of the plan and schedule it for an upcoming meeting.

DAR to Meet

SUTTON - The General Rufus Putnam Chapter of the DAR will meet on Thursday, August 24, at 1:00 p.m. at the Sutton Town Hall. Honorary Past State Regent Mrs. Eric Hook will be the speaker. Hostesses will be Vera Johnson, Olive Taft, Rhoda Perry, and Marjorie Knapp.

Rep. Moore Announces Fall Office Hours

UXBRIDGE - Rep. Richard T. Moore has announced his September, October, and November office hours as follows:

- Tuesday, September 12, for residents of Webster, 7:30-9:00 p.m., Webster Town Hall.
- Thursday, September 14, for residents of Uxbridge and Millville, 7:30-9:00, Uxbridge Town Hall.
- Thursday, September 21, for residents of Sutton and Douglas, 7:30-9:00 p.m., Manchaug Library.
- Tuesday, October 10, for residents of Webster, 7:30-9:00 p.m., Webster Town Hall.
- Thursday, October 12, for residents of Uxbridge and Millville, 7:30-9:00, Millville Town Hall.
- Thursday, October 19, for residents of Sutton and Douglas, 7:30-9:00 p.m., Douglas Town Hall.
- Thursday, November 9, for residents of Uxbridge and Millville, 7:30-9:00, Uxbridge Town Hall.
- Tuesday, November 14, for residents of Webster, 7:30-9:00 p.m., Webster Town Hall.
- Thursday, November 16, for residents of Sutton and Douglas, 7:30-9:00 p.m., Manchaug Library.

No appointment is necessary. Individual meetings are held with each constituent on a first-come basis. Residents from any town in the district may attend office hours in another town on the schedule if it is more convenient. Whenever possible, schedule changes will be announced in advance, however late legislative sessions or other emergencies may result in cancellation or postponement. If the matter is of an urgent nature, constituents should call Representative Moore at his State House office 1-722-2692 between 8:30 a.m. and 4:40 p.m., Monday through Friday. Correspondence to Moore should be addressed to him at Room 167, State House, Boston, MA 02133.

SELECTMEN from Page 4

Gilmond said she had not been notified. "Earl (Chase) has you on the list as being notified," Cristo said. Gilmond replied that she was not the only one who was not notified.

She then asked if the board could take a look at the truck situation. Cristo explained that the only other route would be over Howe Avenue and Canal Street. "It would be all right for you," he said, "but what about other businesses. To put more traffic at Canal Street would be a problem."

"I don't see it that way," Gilmond replied.

Town Planner Dave Hulseberg said that traffic studies have shown it would force a traffic jam. He noted that the hours of 7:30 and 9:30 a.m. and 3:00 to 5:30 p.m., are the most critical time periods for traffic at Canal and Howe Avenue.

Cristo then said that solving the problem of truck traffic on Millbury Avenue would only create another problem. "We can do something with the speed issue," he said.

Another resident questioned the width of the road, noting it was not an infrastructure. Cristo said the road was within the town's boundaries. Donnelly suggested that the residents' perceived boundaries might differ. He also explained that the road would not be as wide as it now appears after the berm is put in place and the shoulder is located.

"We can make no promises," Cristo said. "We will look at speed and signage changes."

Millbury Avenue Affordable Housing Proposal

At 8:25, the board listened to a summary by Mike Krusey, representing the architect and engineer for an Edgerton Development proposal off Millbury Avenue. Krusey indicated that the project would be seeking applications and permits under the Home Opportunity Program (HOP), utilizing affordable housing applications through the MHFA.

The development would be sited on 23.2 acres off Millbury Avenue, south of the Worcester line and north of Oak Pond Avenue. The site is currently concluding its use as a sand and gravel operation. Edgerton Development Corporation, of Mashpee, proposes to build a total of 112 housing units, a mix of 75 two-bedroom units and 37 three-bedroom units. At least 30% of the total units would be affordable to low and moderate income households with HOP assisted units to be sold to first-time home buyers with incomes typically ranging from $20,000-$33,000.

An illustrated site plan shows the 37 two and four-unit buildings clustered around a central loop road.

The site is zoned suburban IV, which allows one and two-family dwellings with a minimum lot size of 40,000 square feet, in addition to other requirements as stated in the town's zoning by-laws.

The proposed HOP development contemplates the use of a comprehensive permit issued by the Millbury Zoning Board of Appeals, which would override local zoning. The unit composition is proposed as follows;
Market Units: 58 two-bedroom, 20 three-bedroom
HOP units: 14 two-bedroom, 14 three-bedroom
Millbury Housing Authority Units: three two-bedroom and three three-bedroom.

Issues of concern raised by the Millbury Housing Partnership were as follows:
- Traffic impact on Millbury Avenue, including intersections with Rte. 20 and Oak Pond Avenue, currently under study.
- Sewer connections, currently in discussion stage with the City of Worcester.
- School and town impact, to be analyzed when project details are more complete.
- Parking spaces/unit, site plan now conforms to the town standard of two spaces per unit.
- Impact on site wetlands, to be reviewed by the Millbury Conservation Commission.

Krusey also said that the double-barreled road satisfies the two means of egress, and said no egress is intended by Edgerton for Oak Pond Avenue.

Cristo asked Krusey if his presence before the board was to satisfy the HOP program requirements. Krusey replied that he was present to be able to say the board is aware of the project. "This is not an application to sign off. HOP will ask for your support sometime next spring," he said.

Krusey also noted that much of the project would depend on sewerage connections with Worcester. He said the market is soft at present, and if the sewerage cannot be worked out, the land would be left idle and mothballed for a time.

DPW Study Committee

At 8:40, Ray Lee, a member of the DPW study committee, asked the board to reduce the number of members from 11 to 9 to assure a quorum. The board concurred and voted approval of his request on a 5-0 vote.

Salary Increases

The board then turned to a discussion of raises for the five individuals who come under the board's authority. Cristo said that one of the problems has been that union groups and others have been given raises and now "the pot is empty."

Finance Chairman Tom Clawson said the pot was not empty based upon the warrant article relating to 6% raises.

Selectman Gerald Bleau suggested that representatives from the Board of Selectmen, Finance Committee, and Personnel Board sit down and vote on recommendations. Bleau volunteered to represent the board.

Craig Coppola, Personnel Board Chairman, noted that the numbers for some salary increases differed from the personnel board and the department head recommendations. Reference was made of the assistant assessor's position and the town planner's position.

Gauthier said, "All the boards have done is talk, sit, talk, sit. Nothing is accomplished. We ought to act."

Coppola replied, "There are four on your desk to act on."

Chase then reviewed each position. Veteran's Agent Phillip Buso presently receives a salary of $19,000. A 6% raise was recommended. Chase said that Buso had a good job performance record and evaluation. The board approved a 6% raise retroactive to July 1st.

Dan Dunphy of American Group Builders is committed to provide the residents of Hayward Glen with the conveniences of city living in a country setting. The 27 standard features that come with every home make each home "modern" in every sense of the word. The tasteful styling of the various models offered give each home a character and charm all its own, and the flexibility in customizing your house to your specifications makes each home distinctive.

But American Group Builders feels that Hayward Glen is more than simply a development; it's an 'environment' set off by an attractive entry, tastefully landscaped leading to your home carefully placed on wooded lots that offer beauty and privacy amid a community. The lovely, slant, granite curbing curves slowly up gentle hills unmarred by unsightly telephone poles and wires creating a picture of early, rural America or slant down to a picturesque pond that is perfect for quiet reflection or easing your mind.

Dan Dunphy says; We've succeeded in marrying the very best of city living with the very best of country living, and we've done it at a price you can afford!!!

If you' re thinking of buying a home or moving up, you owe it to yourself to consider Hayward Glen where city and country come together. Come visit our homes under construction!

Sutton To Hold Special Town Meeting on September 18

By Terry Barnicle

SUTTON - All board members were present for the August 8 Selectmen's meeting.

Transfer of Blue Jay License

At 8:00 p.m., a public hearing was held on the transfer of the liquor license of the Blue Jay Restaurant at 489 Central Turnpike. Chris Economou appeared before the board and asked to be approved as manager. Economou, who is buying the restaurant from the Mosher family, said he has experience in the restaurant business in Worcester.

The Selectmen unanimously approved the transfer of the liquor license and the Common Victualer's license.

Manchaug and Parker Road Intersection

Several residents attended a public hearing to discuss options for dealing with the hazardous intersection at Manchaug and Parker Roads.

Board members noted that they have received many complaints on the intersection and discussed making Parker Road one way. "You will only make a problem at another place (if Parker is made one way)," said resident Jake VanDyke, who suggested erecting a "Stop" sign on Parker Road.

Highway Superintendent Ray Smith suggested erecting a "Stop Ahead" sign. Chairman of the Board of Selectmen Rick LaBonte proposed erecting a "Stop" sign on Manchaug Road.

Manchaug resident Alice Boisvert commented, "Manchaug and Torrey Road is a bad corner," and recommended the placing of a "Dangerous Intersection" sign.

On a motion by LaBonte, it was unanimously voted to erect a stop sign on Manchaug Road, at the intersection.

Police Contract

The police contract was ratified unanimously with no discussion.

Beer and Wine License

The board continued a public hearing on the application of Antonios Drakakis, owner of Tony's Pizza at the junction of Rte. 146 and Boston Road, for a beer and wine license. Drakakis promised that there would be no outside signs advertising liquor, and agreed to erect all necessary fencing.

Marble Road resident Arline Wahlstrom asked about the height of the fence. The selectmen responded that, per agreement with the planning board, the fence will be eight feet high, and, considering that it is on a hill, the probable total height will be about 12 feet. In response to a question from Selectman Wally Johnson, Drakakis said there will also be a fence in back of the establishment, on top of the hill.

Rick Magner, an abutter, requested that something be erected to insure his privacy from Rte. 146 since his shrubbery was removed when Drakakis installed a driveway. Drakakis assured Magner of his intention to do something, but complained of financial pressures with all the fences and other stipulations required of him. At the urging of the board, the two parties agreed to discuss the matter in private.

LaBonte then expressed reservations with the issuance of any kind of liquor license, "even when given to such an upstanding member of this community," because of the dangerous intersection at Boston Road and Rte. 146 where the establishment is located. Johnson noted that there will be no bar, and that beer and wine will be served only with meals.

Mary K. Connor said she was concerned over the potential for increased traffic with the planned expansion of the restaurant.

"I will be very careful when serving beer and wine because I have a large investment in the restaurant," Drakakis said.

The board voted to continue the hearing until the next meeting so that they might consider all these concerns.

Special Town Meeting

Town Administrator Dexter Blois recommended that the board call a Special Town meeting to vote on budget cuts. He said the actual impact of decreased state aid will be about $100,000 because of an increase in town revenues of $90,000, not figured in town finances due to occupancy of new subdivisions in Sutton and because of surpluses in town accounts such as the Overlay Account (a sinking fund)."

"Don't touch the surpluses in the town accounts," Johnson responded vehemently.

Connor suggested "cutting $100,000 from those unnecessary items promised to the taxpayers for overriding proposition 2 1/2, even though some of the people may have voted for the override based on these promises." Selectman Carl Licopoli agreed with Connor's suggestion.

Resident Larry Moore took strong issue with this recommendation, saying, "Cut all equally, not just certain items promised to the taxpayers."

Johnson then asked, "How come all this money is now available when it wasn't mentioned in the past when many said more money was needed?"

Executive Session

At 9:50, the board went into Executive Session to discuss the purchase of real estate by the Town.

At 9:57, the board reconvened the regular meeting and announced that a tentative agreement has been reached for the Town of Sutton to purchase Camp Marion. They said they will make the agreement public when it is finalized.

[On Monday, August 14, LaBonte, acting as the Selectmen's delegate, signed a Purchase and Sale Agreement for Camp Marion. The agreement calls for the town to pay $595,000 for the camp, contingent upon town meeting approval.]

Special Town Meeting Called

At 10:00 p.m., the selectmen voted unanimously to call a special town meeting for September 18 to vote on budget cuts and the purchase of Camp Marion. The meeting was then adjourned.

Tag Sale

WORCESTER - Abby's House, 21-23 Crown Street, an organization offering a shelter, food pantry and a day program to homeless women and children, will hold a Tag Sale on Saturday, September 9, beginning at 10:00 a.m. In the event of rain, the event will be held on Sunday, September 10.

Donations, with the exception of books and clothes, are welcome. For more information, call 756-5486.

SELECTMEN from Page 8

General Clerk Debbie Plante, who works in the selectmen's office, was granted a 6% raise and a change of title to Head Clerk. Her hourly rate will be $9.97 which is the maximum for a head clerk. The vote to approve was 5-0.

Ferol Hagstrom, secretary to the Selectmen and Administrator Earl Chase, was also given a 6% raise, increasing her hourly rate from $10.95 to $11.61. Cristo suggested that she become involved in tasks more in line as an assistant to Chase. Bleau suggested that she be provided with more than a desk. Chase said it would be possible to provide a petition in the office area.

Lachance then brought up the use of a time clock in the Town Hall, noting that he had used one for 40 years. "The highway department does it, and it is not degrading to keep accurate time," Lachance said.

The board then discussed an increase for Earl Chase. It was noted that he currently receives a salary of $30,000. Relating to the recommendation of a 6% increase was a question of his job performance. Gauthier said he thought a lot more could be done, and Cristo asked him to be specific. Gauthier said that two weeks ago the board asked for figures concerning salaries to be available before tonight. Chase replied that he had been working on those figures as late as this afternoon.

Cristo said that, overall, Chase was meeting the objectives of the position. "Over the last two months we have talked regularly. I am satisfied that there is movement in the right direction.

Lachance then asked if he and other board members should work through Chase or the chairman. "Where is the line of communication?" he asked. "I've come to meetings not knowing what is going on."

Chase said he could not communicate with each member on all issues, and said if a board member has any questions they could always call him.

Lachance also said he had asked for the names of those who had dumped illegally at Central Cemetery. "They should be taken into court," Lachance said. "Where are we on that?"

Chase replied, "I expect to follow up on that."

Lachance then suggested that Chase, as administrative assistant to the board, should carry more clout. He made reference to the water level at Brierly Pond that is controlled by R.H. White. "Tell them we want it up."

Chase explained that White controls the water rights.

Bleau and Donnelly said they had no specifics to bring up regarding Chase's performance. "If I do, I tell him about it," Donnelly said.

Cristo said he saw Chase's performance somewhere in the middle range. He also suggested that Chase take more initiative.

Gauthier then moved to grant Chase a 7% increase. There was no second.

Donnelly moved to grant a 10% increase, which would bring Chase's salary up to $33,000.

Bleau said he would vote "no" due to budget constraints. "I don't agree with a 10% increase," he said.

"Why pick on him and no one else," Donnelly said. "You haven't said anything until now."

The motion for a 10% increase carried on a 4-1 vote.

The board then took up the salary increase for the Chief of Police position. Cristo noted that the board had been given the needed information two weeks ago.

Gauthier moved for an 8% increase, and Donnelly seconded the motion. The board approved 4-1, with Bleau opposed.

All salary increases recommended by the Selectmen must now be approved by the Finance Committee and the Personnel Board.

Disposal of Dead Dogs

Chief Stokowski asked the board to designate someone to pick up dead dogs. He said an incident occurred this past week when a dog was killed and no one was available or willing to pick up the dog. He said the dog officer was away and the assistant dog officer didn't know where to dispose of the dog.

A question was also raised about the disposal of other dead animals. It was suggested by Ray Lee that the title of Dog Officer be changed to Animal Control Officer. Cristo asked Chase to research the matter.

The board did concur that it was up to the dog officer and/or his assistant to handle the disposal of dead dogs.

Safety Officer

In another matter, Chief Stokowski asked the board to fill the position of Safety Officer as school will be opening soon. He explained that present safety officer Fred Vulter is on sick leave and has filed for a disability pension. He told the board he had an officer who was interested in the position.

The board approved Stokowski's recommendation to appoint Officer Ron Richards as Acting Safety Officer.

Solid Waste

Under Old Business, Cristo reported that he had met with John O'Sullivan, Manager of Wheelabrator Millbury. He said that in discussions, it came out that the town could be in the same position as last year with regard to excess tonnage. Cristo said O'Sullivan had mutual concerns and offered to meet with the Solid Waste Advisory Committee to present some ideas.

Cristo then remarked that the Solid Waste Committee did not go along with the Selectmen's recommendation to hire a consultant, and said that the town could be in jeopardy. "They (Wheelabrator) will not give us a free ride this year," Cristo said. He told Chase to set up a meeting time for O'Sullivan and the Advisory Committee. "If they (advisory committee) will not go with a consultant, then the onus is on this board to do it," Cristo said.

Bleau then defended the action of the advisory committee. He noted that the committee, of

From My Window on Farnsworth Court

By "Pastor Rae" Cameron

Back in February of 1985, I was one of twelve from Maine who went on a Mission Work Tour to Terrier Rouge, Haiti. Pastor Apollon Noel from the Baptist Church of Terrier Rouge was just with us for a combination of visit and his own Mission Work Tour. The dear, enthusiastic and generous folks of Millbury Baptist Church gave him a very generous offering for his work in Haiti.

In Port-au-Prince, we met many other Mission Work Tours from other denominations and groups coming and going at the airport. One of them was from the Methodist Church, and there was a Roman Catholic nun. The Charismatic Church has a work right out of Worcester with whom two of my people from Jefferson, Maine went to Haiti and with whom another couple that I know gave half of last year to work in that most needy country.

From My Window, the only hope for Haiti is through the Church. For any nation to be a democracy of, by, and for the people, the people need to be educated. Pastor Noel has over 600 in his school. Clean water, good food, and recovery of the devastated land through tree planting is all being done by churches.

Pastor Noel emphasized again and again that he was not political. He was a preacher of God's Word with one ultimate goal, and that was the salvation of souls. Yet, for over 30 years he has been not only "saving souls," but he has been caring for their earthly needs as well. Haiti and the United States need the love of God that manifests itself in giving love that reaches out to the needs of others.

5th Armored Division to Hold 44th Reunion

Patton's Ghosts, as the 5th Armored Division was known by, will hold their 44th annual reunion at the Newton Marriott, September 1-4. The division's identity was kept secret following the D-Day invasion in 1944, as the division spearheaded the drive to close the Falaise Gap. Thus the name "Patton's Ghosts" was applied to this fast driving, hard fighting 5th Armored Division.

Before Patton's Ghosts identity was released, the division had liberated Luxembourg and became the first of the American forces to enter Germany and suffer severe losses at Hurtgen Forest as the Battle of the Bulge was developing. Before World War II had ended, the division had fought on through Germany in the longest one-day drive in history to become the first, nearest American force to Berlin at war's end on the Elbe River, 45 miles west of Berlin.

V.E. Day plus 44 years finds the 5th Armored Division Association planning for its largest reunion. This will be followed by a return trip to Europe for the 45th anniversary celebration of the Liberation of Luxembourg on September 10, which is their national holiday. Reunions are planned five years ahead with the 1990 to be held in Jamestown, New York.

The Association has over 1,580 members of the World War II fighting force, from all 50 states. Over 700 non-commissioned officers of the 181 Infantry Combat Team, many from Worcester and the Central Massachusetts areas, previously on duty in the New England Coastal Sector of the Eastern Defense Command, were transferred to the 5th Armored Division then located at Indiantown Gap Military Reservation in Pennsylvania.

The Reunion Chairman for the 1989 Boston reunion is James J. Friel, who can be reached at 16 Maple Lane, Framingham, MA 01701. He will provide reunion details and information about the association. Friel will be assisted by Vincent Driscoll of Randolph, Elwyn Lindstrom of Millbury, and Alfred Maffei of Leominster. The 5th Armored Division Association is searching for anyone who served with or was attached to the division in World War II.

Dances Scheduled at Youth Center

MILLBURY - The Millbury Youth Center, located in the former Center School on Elm Street, will hold a dance for local youths on Friday, August 25 from 6-11 p.m. The band Flaming Youth will be providing music in memory of former band member Donald Ballard of Millbury.

On Friday, September 8, from 6-11 p.m., the center will hold another dance, with music provided by a professional disc jockey. There is no charge for admission to either dance.

Red Cross Seeking Disaster Volunteers

WORCESTER - During the past year, the Central Massachusetts Chapter of the American Red Cross has responded to 132 disaster incidents in this area. The Disaster Action Team members are volunteers who work on the scene to provide emergency assistance such as food, clothing, medical supplies and shelter. The Disaster Action Teams assisted 831 individuals in Central Massachusetts last year.

The Red Cross is presently in need of additional dedicated volunteers to join the teams. Training for all areas of service will be provided, with sessions starting in September. Interested individuals and groups may contact Emergency Services at 756-5711.

SELECTMEN from Page 11

which he is a member, has been looking for composting sites, and that paper pick-up has been installed at the transfer station. He also said that funding is needed for containers for recycling plastic and glass. "There is not much we can do. We can't delve into areas of responsibilities of the Board of Health," Bleau said. "I don't think we need a consultant."

Bleau also said that committee members feel that the tonnage should be re-negotiated with Wheelabrator. "It was a loaded contract," he said. "We have no recourse if they don't reach capacity."

Cristo responded, "You missed my point. I am not criticizing the committee. We need to manage waste flow. Additional tonnage will be added in the future. We need hard data. Who is going to do that. I don't see part-time people who are well-meaning being able to do that."

"Who is running the transfer station," Lachance said. "The Board of Health is currently. They are accountable elected officials. Why aren't they doing something. Why not have them come in here and not blame the committee. The Board of health is accountable to the town. I am sick and tired of hearing about the dump," he said.

Cristo asked, "Why are we exceeding our tonnage? Where is it coming from?"

Bleau then suggested that trash could be buried at the landfill before capping. "Only the Board of Health has closed it, no one else. We can still dump there."

"We are spinning our wheels here," Lachance said, "that's a fact. Leaves, mulch and sludge could be dumped."

Lachance then asked who is monitoring the weight going into Wheelabrator. Bleau replied that the truckers get a slip from the town.

Cristo also said that industrial material has been going up to Wheelabrator. "That tonnage is not helping the town."

Bleau noted that there are no scales at the transfer site, and said the old portable scales are not workable.

"There has to be a better way of monitoring trucks," Cristo said. "Stealing tonnage is illegal."

Interest in Renting Space at Center School

Chase reported that a letter was received from the Regional Director of the Office for Children expressing an interest in renting space at the Center School.

The meeting adjourned at 11:30 p.m.

Bill to Provide Aid to Cities and Towns for Water and Sewer Projects

BOSTON - Senator John P. Houston (D-Worcester) has announced the passage of a $1.4 billion clean water bill which will aid cities and towns faced with increasing fees for water and sewer projects. Houston co-sponsored the Hayes Sewer Bond bill, which was named for its lead sponsor, Rep. Robert Emmett Hayes (D-Whitman). The bill calls for bonding to pay for water cleanup and establishes a state revolving fund which will qualify Massachusetts for $375 million in federal funds.

"Ratepayers are seeing skyrocketing sewer and water bills as their towns work to comply with federal clean water laws," Houston said. "This new law will help lower consumers' rates, especially in low-income communities, by providing interest-free loans and outright grants to many areas."

The bill provides $900 million in no-interest subsidized loans to municipalities for sewer projects and $450 million for hardship grants to communities in need.

Houston said the federal government is decreasing its funding for projects while mandating stricter clean water standards. The state, therefore, will pick up an increasing percentage of the bill as the federal government phases out its involvement.

"This may sound like a lot of money to appropriate in this time of fiscal restraint," Houston said, "but denying these funds would jeopardize the health of our families, which depend upon clean drinking water, and the vibrancy of our tourism and fishing industries, which depend upon clean lakes and streams. It is a sound investment in the environment."

The legislation was recently singed into law by Governor Dukakis.

Evangelist to Speak on "Jews for Jesus"

GRAFTON - The Union Congregational Church of South Grafton invites all to hear Steve Cohen on August 20 at 10:00 a.m. Cohen is an evangelist with the Jews for Jesus organization's Boston branch.

According to Cohen, Jews for Jesus is an organization of Jewish people who have accepted Jesus' claim to be the Messiah. "What could be more Jewish than following the Messiah," Cohen said. Cohen also said he considers himself 100% Jewish and 100% Christian.

The Jews for Jesus organization was founded by Moishe Rosen, a Jew who has believed in Jesus for over 35 years. The organization has branches in New York City, Boston, Chicago, Los Angeles, San Francisco, and Toronto, and 70 chapters in 30 states. Dr. Rosen is quick to point out that he did not "start" Jews for Jesus. "Jews for Jesus began about 2,000 years ago, around 32 B.C., give or take a year. Jesus' first disciples were Jewish, and there have been some Jewish people who have believed in him ever since."

For those who argue that Christianity contradicts the meaning of Judaism, Cohen says there are answers which he will be happy to discuss after the presentation. There will be no admission charge.

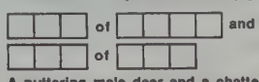
What's the Difference?

By Pat O'Leary & Larry Ham

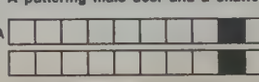
HOW TO PLAY: The answers to the two clues rhyme and the beginning consonant sounds are switched. For example: What's the difference between a neckwear fastener and a metal pan for baked desserts? One is a TIE PIN and the other is a PIE TIN. Sound counts, not spelling.

1. Dad's arithmetic and a wet-broom's trail?

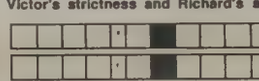
2. A member of a quartet and the joy of combat?



3. A puttering male deer and a chattering mallard?



4. Victor's strictness and Richard's strength?



11-26

ANSWERS: 1. Pop's math and a mop's path. 2. One of four and the fun of war. 3. A dabbling buck and a babbling duck. 4. Vick's rigor and Rick's vigor.

From the Sutton Libraries

Books and More...!

By Joanne N. Donnelly

If it's Monday, it must be Manchaug!

For over 18 months now, I have dealt with the problem of telling local residents when the Sutton Libraries are open, and yet we still hear people say things from "You're not open enough" to "You're never open." The staff would then parrot off the hours, "Center Library: Tuesday, Wednesday, 2-8 p.m.; Friday, 12-8 p.m.; Saturday, 10-5 p.m. except during the Summer when Saturday becomes 10-3 p.m. Manchaug hours are: Monday, Thursday, 6-8 p.m.; Wednesdays, 12-4 and 6-8 p.m. Each time we'd say it, we became faster and faster at it until the patron would stand there with a glazed look in his/her eyes, mumble a "Thank You," only to come back the next week and have to ask again.

We made up bookmarks (veritable works of art), but they tended to get lost and we would again reiterate the above, building up speed in our presentation, and adding "There'll be a test later."

During the recent "tax unpleasantness," the Library Department held a meeting at the Manchaug Library in order to gain some ideas about how we could better the services, with or without the override. After the meeting, it dawned on me that a patron had come up with the perfect solution for remembering our hours. It's very simple - you don't!

This gentleman grew up in a larger town whose library was always open. There was no need to remember hours, just show up at a reasonable hour, and the doors would open. When he moved here, it was somewhat of a shock not to be able to go to the library any old time you felt like it or when you had just finished your last book. However, he saw a pattern in that mess of information above, and here it is.

On any given evening, Monday through Friday, there's a library open somewhere, at some time, here in town. (Told you it would be simple.)

There is absolutely no rule, law or reason why someone from Manchaug, while meandering through the middle of Sutton, might miss out on a mystery just because he's registered at Manchaug. Conversely, someone from Wilkinsonville could be wending her way (with or without wee ones) past the white building in Manchaug and wonder why she couldn't stop when the whim to read hit her.

Both the Center and Manchaug libraries have a good variety of best-selling books, and the following titles are found at both of them.

For the men, Edwin C. Hoyt's new book *CARRIER WARS* is a true account of the role those huge ships played. *PLAYMATES* is Robert Parker's latest Spencer thriller, while James Michener has a small book entitled *JOURNEY*. This seems to be a mini-version of his *ALASKA* and can truly be characterized as light summer reading. Lawrence Sanders' *CAPITAL CRIMES* sits beside Frederick Forsyth's *THE NEGOTIATOR*.

On the distaff side, Danielle Steel's *STAR* is in the company of *THE CHARMED CIRCLE* by Catherine Gaskin, *THE CHANGELING* from Phillippa Carr and Mary Higgins Clark's *WHILE MY PRETTY ONE SLEEPS*. Two good summer books, *THE CHANGELING* by Jean Plaidy and *EDEN AND HONOR* from Marilyn Harris, are sure to suit your mood for either light or heavy reading.

Young people aren't forgotten at either library with offerings of *BABYSITTER'S CLUB* and *SWEET VALLEY TWINS* joining a marvelous new series entitled *PEE WEE SCOUTS*. Along with the latest of the *HARDY BOY* books, we both have *NATE THE GREAT* and *THE BORING BEACH BAG* and *BLACK SUITS FROM OUTER SPACE*.

Children can find two new Richard Scarry books, *SPLISH-SPLASH SOUNDS* and *BIG AND LITTLE*. The award-winning Martin book entitled *BARN DANCE* shares space with an excellent series for those starting to read. They are the Yellowstone Forty Word Books by Bob Reese and consist of six books with the titles *BUBBA BEAR*, *CAMP CRITTERS*, *MICKEY MOOSE*, *OLD FAITHFUL*, *BUBBA BUFFALO*, and *BUGLE ELK AND LITTLE TOOT*.

One other way you can remember Manchaug's nights is that there is a "u" and an "h" in both Manchaug and Thursday. Both libraries are open on Wednesdays to make it easier for you since you're tired from the over-the-hump day. The Center will be glad to take back Manchaug's books and vice-versa. Margaret and I will be glad to get them back to their proper homes.

So, any evening, when you feel like a good book, grab the spouse, throw the kids in the car, get to the end of the driveway and say, "Right or left?"

If it's Monday, it must be Manchaug.
(And if it's Saturday, it has to be the Center.)
Come see us - soon - wherever.

Another Point of View

By Lawrence Moore

Decline and Fall - or - Growth and Glory

Through recorded millennia, vast empires were founded, grew, languished - and fell. Some fell because of external attack, others of internal decay. If prey to external raids, they had become weak, if victims of internal rot, revolution resulted. Revolution is not unusual. We had our own, as did France, Russia, Spain, Central America...the list is endless. Unrest is alive today, all over the world.

How can we postpone the inevitable, perhaps even defy history?

We must Stop, Think, and Plan!

To understand why we are where we are, harken to the words of the immortal Satchel Paige: "Don't look back - something might be gaining on you." We should be guided by the words of Benjamin Franklin, "Buy what thou hast no need of and 'ere long thou shalt sell thy necessities."

It is truly time to stop and think about where we are going. Remember the story about hunger: "Give a man a fish and you feed him today. Teach a man to fish and you feed him forever." What is the good of distributing surplus food if, when it is gone, another handout is necessary?

What is the point of building housing for the homeless if they have no way to pay the rent? Unless we remove the tinder, a fire extinguished today ignites tomorrow. A band-aid cures nothing.

Stop - Think - Plan!

Why are other nations of the world overtaking and passing us? Why haven't we looked behind sooner to see them gaining on us? Why are we scattering our resources on things we have no need of instead of devoting ourselves to that which will secure our future?

Other nations have led by having a better understanding of government. According to Webster, to govern is to regulate, influence, direct, restrain, and manage. We do a fair amount of regulating, a certain amount of directing, much restraining, but not enough influencing and far too little managing.

We shy away from the words, "National Policy" or "Industrial Policy" but the time has come when control must give way to policy, deregulation without policy leads to chaos.

We must set goals and we must proceed to develop policies which will guide us, not five or ten years from now, but 25 or 50 years hence. We need to enlist the thinkers in our society, the best brains available, to get the job done.

We should not be afraid to influence and manage our country. In just a few decades Japan reached its current status as the result of a plan that coordinated the efforts of government, industry, and people. Other major powers have plans and goals, perhaps not as formalized as Japan.

Our democracy is showing signs of weakness. The trade deficit, the budget deficit, shameful ethics, our "people" problems, mergers and acquisitions, foreign takeovers, and our loss of position in the global economy are indications we are being overtaken and surpassed, perhaps falling victim to internal decay.

We must take action! We must provide a base for the future.

President Bush, will you continue to put out flash fires and apply band-aids to our festering sores - or will you take steps to divert us from the path to ruin and choose the path to power and glory?

President Bush, do you wish to leave a legacy of hope?

Stop - Think - Plan!

Sutton Senior News

- Monday and Wednesday afternoons, the van will be available for doctor appointments. Reservations in advance are required.
- **LUNCHES** are served at the Site on Tuesdays, Wednesdays, and Fridays at noon. Twenty-four hour notice is necessary. Donation is $1.25 for meals.

Kollios Calls for Additional Budget Cuts

BOSTON - Representative Paul Kollios (D-Millbury) has been compiling a list of budget cuts and costs savings to present to the Governor's staff and the House leadership. He has also met with approximately 25 other legislators of both parties to produce additional cuts. According to Kollios, these proposed reductions would enable cuts in vital human services programs to be restored. "It's a matter of different priorities," he said. "I strongly feel that we can cut more administrative accounts and restore badly needed services to our most vulnerable."

The following are some of the reductions not made in the budget debate or by the Governor's vetoes which Kollios feels should be considered by consolidation or total elimination.

- (03) Consultants and consolidation of Boston area police departments ($20-$40 million)
- Division of Registration (144 positions - $4.1 million)
- Legislative Service and Research Bureau ($1.7 million)
- Massachusetts International Trade Council ($685,000)
- Energy Facility Siting Council (14 positions - $570,000)
- Motor Vehicle Management Bureau ($407,500)
- Legislative Documents Room ($377,900)
- Community Antenna Television Commission ($350,000)
- Payment to the City of Boston for maintenance of the Curley Recreation Center ($310,000)
- Outdoor Advertising Division (5 positions - $180,000)
- Residential Conservation Service under Energy Resources (9 positions, $170,000)
- Division of Equine Activities ($123,179)
- Mystic Sailing Program ($60,000)
- Voter information program - $35,000

There are two areas which are presently being explored which Kollios said would increase revenues. Many of the state authorities such as Mass Port and the Mass Water Resources Authority owe the state approximately $36 million in loan payments. Another initiative that would bring in approximately $17 million, Kollios said, is a 90%-10% HMO payment plan for state employees.

"These cuts and revenue collections would help in restoring vital mental health programs and elderly home care funds," Kollios said.

Bicentennial of Washington's Valley Visit to Highlight Heritage Homecoming '89

UXBRIDGE - An idea from an Uxbridge Police sergeant has developed into the theme of this year's Blackstone Valley Heritage Homecoming Days scheduled for September 29, 30 and October 1. Sergeant Benjamin Emerick, a self-taught expert on the Revolutionary War and the Civil War, several months ago reminded Rep. Richard T. Moore (D-Uxbridge) that 1989 was the Bicentennial of President George Washington's visit to the Blackstone Valley.

Moore, who is Chairman of the Heritage Homecoming Board of Directors, asked the Homecoming Committee to schedule a reenactment of that historic visit of November 5, 1789 when Washington passed through Mendon and lodged in Uxbridge for the night. A committee is now coordinating two reenactments of the Washington visit, one on Friday, September 29 and another on Sunday, October 1. Additionally, President Washington will lead the Homecoming Parade in Blackstone on September 30 and will review the troops later that day at Rice City Pond, East Hartford Avenue, Uxbridge.

Aroun' The Town & Golden Agers Update

By Lillian C. Sheehan

Rain, rain, go away - at least we won't have to hear that it will be necessary to conserve water, Lord knows we must have filled all the reservoirs by now, and then some. If this weather persists, guess the Ragtime Rowdies won't be heard, they'll have to come back later.

CENTERVIEW: there will be Bingo on August 23rd, and the Tenant's meeting on the 29th. Both events will begin at 7:00 p.m. Maybe Helme has another trip planned which she will tell us about at that time.

Arthur O'Mara, of Main Street, a former teacher and school principal, is a patient in St. Vincent's Hospital. I'm sure he'd love to hear from some of his former pupils. Best wishes to Arthur and to Margaret Alex from Centerview, who is also a patient at St. V's. Also best wishes to Alida Carney, Treasurer of St. Brigid's Women's Club, at St. Vincent's.

ST. BRIGID'S WOMEN'S CLUB: something different is being tried due to the very full calendar in May: for most people graduations, weddings, communions, etc. The date of the Communion Supper will now take Place in October, thus the opening meeting of St. Brigid's Women's Club will be the Communion Supper on Thursday, October 26th. This important event on the Club's calendar will open with a Mass for deceased members at 5:30 p.m. The slate of officers elected and accepted at the annual meeting in May will be duly installed at this Mass. Members will be called by the Committee to get their choice of menu and reservation sometime next month. Details later.

Don't forget to sign up for the Sheriff's Outing at SAC Park on Saturday, August 26th. A bus will pick up passengers at noon.

WIT AND WISDOM

~ He who commences many things finishes but few.
~ The great pleasure in life is doing what people say you cannot do.
~ On a bumper sticker in California: "The Ten Commandments aren't multiple choice."
~ Even a mosquito doesn't get a slap on the back until he starts to work.

250th Anniversary Tape on Loan at Library

SUTTON - The 1954 film of Sutton's 250th Anniversary celebration has been transferred to a VHS sound and color video tape. The Sutton Historical Commission has made a copy available at the Sutton Center Library where anyone interested may take it out on loan.

Red Cross Flea Market

WORCESTER - The third annual Red Cross Flea Market will be held on Saturday, August 26, from 8:30 a.m.-4:00 p.m. at the Chapter House, 61 Harvard Street. Admission will be 50 cents for adults (16 and older); children will be admitted free of charge. Proceeds will benefit the Central Massachusetts Chapter to help provide its many community services.

Donations of new and used items are now being accepted at the Chapter House. Contributions of homemade edibles would also be welcome on Friday, August 25, or on the morning of the event. For more information, call 756-5711.

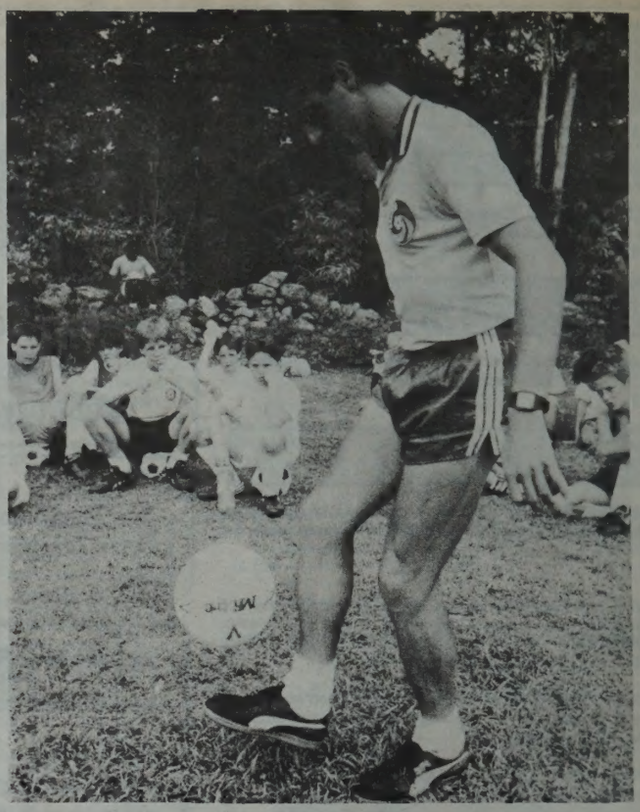
LCDR Huchowski Achieves Aviation Milestones

LCDR John A. Huchowski, son of Mr. and Mrs. John Huchowski of 6 Orchard Street, Millbury, recently achieved several aviation milestones while flying the F-14 Tomcat off the aircraft carrier USS America during operations in the North Arabian Sea. LCDR Huchowski, a Navy fighter pilot assigned to the "Starfighters" of Fighter Squadron Thirty-Three, recorded his 100th America and 600th career carrier landing.

The 14 year veteran also surpassed the 1500 hour mark in the F-14 Tomcat. Previous tours have included the carriers Nimitz and Midway as well as graduation from Navy Fighter Weapons School (TOPGUN).

LCDR Huchowski is a 1970 graduate of Millbury Memorial High School and received a Bachelor of Science degree in Aeronautical Engineering from Rensselaer Polytechnic Institute in 1974. He is married to the former Marcia Brady, daughter of Mr. and Mrs. Joseph Brady of 129 West Main Street, Millbury. They presently reside in Virginia Beach with their three children: Paige, Shea, and Wade.



MILLBURY - The Millbury Parks Department recently sponsored a soccer camp at the Middle School for area youngsters. Coaches, including Dave Caetano (pictured above), were professional players from the Boston Bolts.
